
IOWA UTILITIES BOARD
Safety & Engineering Section

Docket No.: E-20994 AM12 (E-22121)
Utility: ITC Midwest, LLC
File Date/Due Date: N/A
Effective Date: N/A
Memo Date: May 23, 2013

TO: The Board
FROM: Jim Sundermeyer
SUBJECT: Closing Amendment to Electric Franchise Docket

I. Background/Analysis

On March 12, 2013, ITC Midwest (ITC) filed a petition for the 12th amendment to Franchise No. 16945, issued in Docket No. E-20994. However it was subsequently determined that the proposed project would not require an amendment to franchise, but rather a new franchise requiring a new petition and a new docket number. On May 8, 2013, ITC filed a letter withdrawing the petition and filings related to the 12th amendment to franchise, and a petition for new franchise for the project, now assigned to Docket No. E-22121, was subsequently filed on May 17, 2013. However, the petition for 12th amendment to the franchise in Docket No. E-20994 still remains open but no longer serves a purpose. Since the petition for amendment was withdrawn prior to a publication of public notice, 199 IAC 11.7(1) allows the proceeding to be terminated and the docket closed without formal action by the Board. Staff would advise ITC of the closure by letter.

II. Recommendation

Close Docket No. E-20994 AM12 by letter.
